From

R. Chandy, Esquire, B.A.,

Revenue Commissioner in Mysore.

R.V. Anantaraman, Esquire, B.A.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
Revenue Department, Bangalore.

SIR,

Referring to your letter No.754/D. dated 14th March 1924 re. the discrepancies in the lists of tank maintenance works in the Kolar District, I have the honour to forward herewith copy of letter No. D.9/23-24 dated 5th April 1924 from the Deputy Commissioner, Kolar District, furnishing the explanation called for in the matter.

K

I have the honour to be,

Sir,

Your most obedient servant,

Assistant Commissioner,
for Revenue Commissioner.
(absent from station.)

VRR/-

Copy of letter No. /D.9 of 23-24 dated 4th/5th April 1924 from the Deputy Commissioner, Kolar District, to the Revenue Commissioner in Mysore, Bangalore.

With reference to your memo No. D.3/23-24 dated the 18th ultimo, forwarding copy of Revenue Secretary's letter No.754 dated the 14th March 1924, and requesting me to explain the discrepancies in respect of the three tank maintenance works referred to in para 4 of G.O.No.518-21/Dis. 5-23-17 dated 14th February 1924. viz. Madivala Dodkere in Malur Taluk and Narasimmayakanakere and Muthakapalli tank in Srinivasapur Taluk, I have the honour to state as follows:-

With regard to No. 1 the amount of assessment in the two lists is more or less the same with a difference of Rs.1-12-0 which being comparatively very small does not deserve notice. As regards the difference in the estimated cost, the Amildar explains that he did not look into the estimate but adopted the figures furnished by the Department of Public Works Sub Overseer who said that the estimate was later on revised. The Amildar further states that the maintenance work was started just about the ~~same~~ close of December 1923 and that when list of works to be started in January 1924 was called for, the tank was included in the subsequent list as the estimate had not been sanctioned previously and formal sanction had not been accorded.

As regards the two tank works in the Srinivasapur Taluk the amount of estimate as furnished in the two lists is almost alike with slight difference. The Amildar explains that the value of the estimates in respect of the two tanks varies for the reason that in the first statement the estimated cost was only an approximate figure and the second one was as furnished by the D.P.W. Sub-Overseer after preparation of a formal estimate. The Amildar further states that the two tank works were arranged to be started a few days before the close of

December

December 1923, but that subsequently orders were received by him to the effect that no tank works should be undertaken without previous sanction and so he included the two works in the subsequent list sent up by this office. I have to add that the differences were due to the fact that formal sanction is sought on appropriate figures for works, detailed estimates for each work being prepared later on as necessity arises.
